# Red & Yellow

I wanted a new photographic project that was not just landscapes or places. After going through many ideas I came up with images that include 'Red & Yellow' Why Red & Yellow?.. well they are cheerful colours and not abundant in the English countryside.

I decided to include a few old photographs and some of my paintings.... Why?... 'cos I can, my book.

Red & Yellow also has memories for me; I worked for 32 years for the company, who's Logo was synonymous with the two colours.
